BAR-Vu CCTV System

BAR-Vu is a low cost CCTV system designed for the license trade community.

The entry level system, consisting of 4 hi quality cameras, a 4 Channel Digital Video Recorder and 15" Colour monitor and can be connected to your Wireless Broadband Router for viewing on your PC/Laptop, is supplied and fitted for £995.

Below is a typical arrangement of the cameras with 3 internal colour cameras and 1 external vandal resistant Day/Night camera with Infra Red Leds for operation in total darkness, but any combination of the 2 can be used..
